The Hindustan times reports that the Congress party is holding a day-long satyagraha to protest the disqualification of Rahul Gandhi from the Lok Sabha after he was convicted in a 2019 defamation case. Rahul Gandhi challenged the government on the Adani issue, saying that PM Modi is scared of his next speech on Adani, and thanked opposition parties for their support. Congress president Mallikarjun Kharge and general secretary Priyanka Gandhi Vadra are sitting in the satyagraha at Raj Ghat in New Delhi, and all Pradesh Congress Committees have been asked to organize a day-long satyagraha in front of Gandhi statues. The Congress plans to approach a higher court to contest the Surat court's order that sentenced Rahul Gandhi to two years' imprisonment.

The article further highlights that the Indian Space Research Organisation (ISRO) successfully launched its largest Launch Vehicle Mark-III (LVM3) rocket, carrying 36 satellites including the OneWeb India-2 mission, from Satish Dhawan Space Centre in Sriharikota, Andhra Pradesh on Sunday. The 43.5 metre tall rocket lifted off at 9 am and will place the 36 satellites, weighing a total of 5,805 kgs, into a 450 km circular orbit. The launch is ISRO's second commercial launch of the LVM3 rocket.
